

SAO2 FUNDRAISER FOR THE TLC FUND

Sydney Academy's Options & Opportunities (SAO2) Program Fundraiser Cookbook Sale is for the Regional Hospital Foundation's Pediatrics TLC Fund

The SAO2 Program is proud to be helping the Regional Hospital Foundation's Pediatrics TLC Fund this year by creating and selling a cookbook to raise money for the cause. The cookbook is a collection of over 100 delicious recipes from snacks to desserts.

The Pediatrics TLC Fund offers financial help to parents and children while they are going through difficult times. This Fund provides families and children (up to 18 years of age) with financial support during treatment of conditions ranging from broken bones to cancer. Parents and children often find themselves in tough financial situations during these medical events, and the Pediatrics TLC Fund offers a helping hand.

With the purchase of your SAO2 cookbook, not only will you receive a delicious collection of recipes, but you are also helping those children and families in our community during challenging times. All the money raised will go directly to the Pediatrics TLC Fund, so that children in the Regional Hospital can get the care they need regardless of their financial situation.

Don't delay, and order your copy of the SAO2 Program's cookbook today. You'll be receiving amazing recipes as well as helping out the Regional Hospital Foundation's Pediatrics TLC Fund.

About Us

This fundraiser was done as part of a Community-Based Learning project which is a course offered in the Options & Opportunities (O2) Program. The O2 Program is a 100% academic program which helps students choose a direction in life after high school-university, college, etc. If you are interested in purchasing a cookbook, please visit johnmfraser.com or call 902-537-1516 or email johnfraser@gnspe.ca. Thank you.
